

year and one day, and not more than ten years.

(4) *Bonds.* For bonds, the issuer can fix a maturity period of not less than ten years and one day, and not more than forty years.

(b) *How do I select the SLGS rate?* For each security, the issuer shall designate an interest rate that does not exceed the maximum interest rate shown in the daily SLGS rate table as defined in § 344.1.

(1) *When is the SLGS rate table released?* We release the SLGS rate table to the public by 10 a.m., Eastern time, each business day. If the SLGS rate table is not available at that time on any given business day, the SLGS rate table for the preceding business day applies.

(2) *How do I lock-in a SLGS rate?* The applicable daily SLGS rate table for a SLGSafe subscription is the one in effect on the business day that you start the subscription process. This table is shown on Fiscal Service's Application server.

(3) *Where can I find the SLGS rate table?* The SLGS rate table can be obtained at Fiscal Service's Web site.

(c) *How are interest computation and payment dates determined?* Interest on a certificate of indebtedness is computed on an annual basis and is paid at maturity with the principal. Interest on a note or bond is paid semi-annually. The issuer specifies the first interest payment date, which must be at least thirty days and less than or equal to one year from the date of issue. The final interest payment date must coincide with the maturity date of the security. Interest for other than a full interest period is computed on the basis of a 365-day or 366-day year (for certificates of indebtedness) and on the basis of the exact number of days in the half-year (for notes and bonds). See the appendix to subpart E to part 306 of this subchapter for rules regarding computation of interest.

§ 344.5 What other provisions apply to subscriptions for Time Deposit securities?

(a) *When is my subscription due?* The subscriber must fix the issue date of each security in the subscription. The issue date must be a business day. The

issue date cannot be more than sixty days after the date Fiscal Service receives the subscription. If the subscription is for \$10 million or less, Fiscal Service must receive a subscription at least five days before the issue date. If the subscription is for over \$10 million, Fiscal Service must receive the subscription at least seven days before the issue date.

Example to paragraph (a): If SLGS securities totaling \$10 million or less will be issued on November 16th, Fiscal Service must receive the subscription no later than November 11th. If SLGS securities totaling more than \$10 million will be issued on November 16th, Fiscal Service must receive the subscription no later than November 9th. In all cases, if SLGS securities will be issued on November 16th, Fiscal Service will not accept the subscription before September 17th.

(b) *How do I start the subscription process?* A subscriber starts the subscription process by entering into SLGSafe the following information:

- (1) The issue date;
- (2) The total principal amount;
- (3) The issuer's name and Taxpayer Identification Number;
- (4) The title of an official authorized to purchase SLGS securities;]
- (5) A description of the tax-exempt bond issue; and]
- (6) The certification required by § 344.2(e)(1), if the subscription is submitted by an agent of the issuer.

(c) *Under what circumstances can I cancel a subscription?* You cannot cancel a subscription unless you establish, to the satisfaction of Treasury, that the cancellation is required for reasons unrelated to the use of the SLGS program to create a cost-free option.

(d) *How do I change a subscription?* You can change a subscription on or before 3 p.m., Eastern time, on the issue date. Changes to a subscription are acceptable with the following exceptions:

- (1) You cannot change the issue date to require issuance earlier or later than the issue date originally specified; provided, however, you may change the issue date up to seven days after the original issue date if you establish to the satisfaction of Treasury that such change is required as a result of circumstances that were unforeseen at

§ 344.6

31 CFR Ch. II (7–1–14 Edition)

the time of the subscription and are beyond the issuer's control (for example, a natural disaster);

(2) You cannot change the aggregate principal amount originally specified in the subscription by more than ten percent; and

(3) You cannot change an interest rate to exceed the maximum interest rate in the SLGS rate table that was in effect for a security of comparable maturity on the business day that you began the subscription process.

(e) *How do I complete the subscription process?* The completed subscription must:

(1) Be dated and submitted electronically by an official authorized to make the purchase;

(2) Separately itemize securities by the various maturities, interest rates, and first interest payment dates (in the case of notes and bonds);

(3) Not be more than ten percent above or below the aggregate principal amount originally specified in the subscription;

(4) Not be paid with proceeds that are derived, directly or indirectly, from the redemption before maturity of SLGS securities subscribed for on or before December 27, 1976;

(5) Include the certifications required by § 344.2(e)(2)(i) (relating to yield); and

(6) Include the information required under paragraph (b), if not already provided.

(f) *When must I complete the subscription?* Fiscal Service must receive a completed subscription on or before 3:00 p.m., Eastern time, on the issue date.

§ 344.6 How do I redeem a Time Deposit security before maturity?

(a) *What is the minimum time a security must be held?* (1) Zero percent certificates of indebtedness of 16 to 29 days. A zero percent certificate of indebtedness of 16 to 29 days can be redeemed, at the owner's option, no earlier than 15 days after the issue date.

(2) *Certificates of indebtedness of 30 days or more.* A certificate of indebtedness of 30 days or more can be redeemed, at the owner's option, no earlier than 25 days after the issue date.

(3) *Notes or bonds.* A note or bond can be redeemed, at the owner's option, no

earlier than 30 days after the issue date.

(b) *Can I request partial redemption of a security balance?* You may request partial redemptions in any whole dollar amount; however, a security balance of less than \$1,000 must be redeemed in total.

(c) *Do I have to submit a request for early redemption?* Yes. An official authorized to redeem the securities before maturity must submit an electronic request in SLGSafe. The request must show the Taxpayer Identification Number of the issuer, the security number, and the dollar amount of the securities to be redeemed. Upon submission of a request for redemption before maturity of a security subscribed for on or after August 15, 2005, the request must include a yield certification under § 344.2(e)(2)(ii). Fiscal Service must receive the request no less than 14 days and no more than 60 days before the requested redemption date. You cannot submit a request for early redemption for a security which has not yet been issued and you cannot cancel a request once it has been submitted.

(d) *How do I calculate the amount of redemption proceeds for subscriptions on or after October 28, 1996?* For securities subscribed for on or after October 28, 1996, the amount of the redemption proceeds is calculated as follows:

(1) *Interest.* If a security is redeemed before maturity on a date other than a scheduled interest payment date, Treasury pays interest for the fractional interest period since the last interest payment date.

(2) *Redemption value.* The remaining interest and principal payments are discounted by the current Treasury borrowing rate for the remaining term to maturity of the security redeemed. This may result in a premium or discount to the issuer depending on whether the current Treasury borrowing rate is unchanged, lower, or higher than the stated interest rate of the early-redeemed SLGS securities. There is no market charge for the redemption of zero interest Time Deposit securities subscribed for on or after October 28, 1996. Redemption proceeds in the case of a zero-interest security are a return of the principal invested. The
